

## Strategic Warning Staff

ROOM 1C925, PENTAGON

DATE 27 July

MEMO FOR D/S WS

1. Apparently Gen Farner agreed with our proposal for increased personnel support. He then asked DIO what could be done to alleviate the problem. The attached reply with DIO's comments is being passed along in case for any comments we won't make.
2. Do <sup>not</sup> believe we should get into the internal DIA fighting - how they solve the problem is their business. With that in mind, have drafted our comments that are strictly limited to clarification of our basic request.
3. Reply attached for your consideration.
